

NEW HAMPSHIRE
Options for life after high school

I'm figuring out
my life after high school

I help students
figure out the future

I mentor students
in the workplace

The Next Steps NH project provides support to selected New Hampshire high schools in order to increase the graduation rate of students with disabilities, and students at risk. Project schools are implementing transition planning and family involvement practices that help students prepare for college, career and adult life.

This website is part of the Next Steps NH project and will house all tools and resources developed as part of the project.

A new website to help students, parents, and educators work together to plan for the student's life after high school

Features:

- Navigation button to highlight key areas for different users
- Tools to help identify job interests and options for college and other after high school programs
- Resources to figure out school/job accommodations, and free/low-cost assistive technology
- Essential elements of transition planning based on the Next Steps NH Transition-Focused Education Framework
- Video of the Month

Planning for Life After High School

Everything about planning for life after high school, also called transition planning, fits into one of the five areas below. These pages will grow over time as the Next Steps project progresses. Click on what interests you:

Student-Focused Planning	Student Development	Interagency Collaboration	Family Involvement	Program Structures
All students need:	All students need:	At risk, or with IEPs:	With all families:	School-wide:
High School Completion	Extracurricular Activities	Community Connections	Respect Diversity	Program Philosophy
Interest and Career Goal Identification	College, Career and Life Ready?	Roles and Responsibilities	Communication Processes	Program Evaluation
Course Alignment			Shared Decision-Making	Strategic Planning

Student Portal

This page highlights some of what you can find on or through this website. To see everything, explore the full Framework for Transition Focused Education.
