Life After High School

The screenshot shows a web browser window displaying an online module. The title bar reads "Online Module (00:00 / 1:02:42)". The main content area features a large white box with the title "Planning for Life after High School" in a dark red serif font. To the right of the text is a stack of several books. On the left side of the browser window, there is a sidebar menu with a "Menu" and "Notes" section. The menu items are numbered 1 through 25, starting with "1. Welcome" and ending with "25. Measurable Postsecondary...". At the bottom of the browser window, there is a search bar and navigation buttons labeled "PREV" and "NEXT".

This 60 minute interactive module is designed for families (and educators) to learn about the transition planning process for youth who have an Individualized Education Program (IEP). This narrated Power Point presentation includes parent videos to provide an overview of the laws and best practices to help families and schools work together to create purposeful and meaningful transition plans and IEPs.
